Re: Proposed alternative mitigation plan dated May 28, 2004

Dear Mr. Stennett:

The Idaho Department of Water Resources (IDWR) received your proposed alternative mitigation plan on June 3, 2004. In your letter, you stated that you will not be using the ground water rights that are appurtenant to your property located in T6N R26E Section 33.

According to IDWR records, you do not own ground water rights other than those referenced in your letter, that are located within Water District 34. If you do not divert any ground water from points of diversion within Water District 34 during the 2004 irrigation season, you do not have an obligation to provide mitigation during 2004, and will not be subject to any assessments made by Water District 34 to cover the costs of mitigation that may be implemented by the water district.

Respectfully,

Tim Luke
Water Distribution Section

cc: Robert Duke, Watermaster, Water District 34
Seth Beal, Advisory Board Chairman, Water District 34
IDWR Eastern Region
